1. OVERVIEW

MCB Bank is committed to continually operate at the highest standards of conduct in our business. We are the trustees of public funds and it is our core value to serve our community with integrity. We endeavor to earn and uphold the trust of all our customers, suppliers and other stakeholders by serving and dealing with them ethically, lawfully and professionally. As we are the custodians of public money, it is the responsibility of each and every one of us to ensure that we fulfill this commitment in our day to day working lives. Hence, all of the Bank's directors including the President/CEO and employees (hereinafter referred to as "personnel") must always adhere to all applicable laws, regulations, rules, policies and our core values.

The Bank has adopted a Code of Conduct that establishes specific expectations regarding the behavior of its personnel reflecting fairness, transparency and accountability and is committed to maintaining an effective internal control environment to prevent and/or detect improper activities. Effective internal controls can also ensure accuracy of Bank's financial reporting and related disclosures. However, no system of internal controls can provide absolute safeguard against irregularities as well as (intentional or unintentional) violations of laws, regulations, policies and procedures. The Bank has a responsibility to investigate and address allegations of suspected fraudulent, wrongful or improper activities.

This Whistle Blowing Program serves to provide a channel for the Bank's staff and outside parties such as shareholders, vendors, customers etc. to raise complaints and concerns against, irregularities, AML / CFT related issues, help uncover financial malpractices, detect and prevent incidents of frauds & forgeries, eliminate personnel harassments, improper conduct or wrongdoing and attend to grievances of those associated without any fear of reprisal or adverse consequences.

This Program has been formulated with an aim to further improve governance and quality of Bank's operations. It also embeds rewards for complainants /whistleblowers that help in unearthing & combatting wrongdoings/malpractices and mainly covers the cases that escaped the existing normal procedures and systems.

The employees and outside parties are encouraged to use the guidance provided in this Program to report any wrongdoing / improper conduct. This Program also provides assistance to individuals who come across any wrongdoing or improper conduct and are desirous of highlighting it without being identified. It is not designed to question financial or business decisions taken by the Bank nor should it be used to reconsider any matters which have already been addressed under other policies / procedures. Employee related complaints received by the Whistle Blowing Function within Audit & RAR Group will be resolved through Human Resource Management Group (HRMG) and customer services related complaints will be resolved through Service Quality Division (SQD) of the Bank. However, if customers / staff are not satisfied with resolution of HRMG / SQD then these complaints may be raised to the Whistle Blowing Function for further handling.

8. HANDLING OF COMPLAINTS BY WHISTLE BLOWING FUNCTION

Every complainant must be treated fairly. At MCB Bank complaints are considered as an opportunity of improving relationships. A decision in favor of complainant should not be construed as fair treatment rather fairness implies an impartial, consistent and prompt investigation, decision making, and redress without considering commercial value of the relationship or any downside impact of the decision. Fairness is based on two characteristics - impartiality and transparency.

Impartiality: At the heart of any complaint handling process is the principle of natural justice. The complaints should not be viewed as unjustified criticism on processes, products or people and a defensive attitude where all efforts are focused on justifying Bank's position should be avoided. Impartiality means every complaint is taken openly and decided on merit taking into account all evidences and allowing opportunity of hearing wherever required. The decision making should be objective, impartial and consistent.

Transparency: A complainant has the right to know the complaint handling procedure and the grounds on which the complaint is declined. It is a good practice that the acknowledgement of a complaint includes a brief description of complaint handling procedure in the bank and the expected time required to decide a complaint. In case the investigation requires more time, an interim reply briefing the progress made should be communicated to the complainant.

The Whistle Blowing Function shall handle the complaints received as per following procedure:

- a. The nature of each complaint will be determined and accordingly classified into any of the following categories:
 - Wrongdoing by Staff
 - Bad Behavior by Staff
 - Human Resource (HR) Related Matters
 - Branch Banking Matters
 - Visa Debit Cards / Credit Cards / ATM Related Matters
 - Consumer Banking Related Matters
 - Loans Related Matters
 - Digital Banking Related Matters
 - Other Matters
- b. Every complaint received by the Whistle Blowing Function must be logged into a tracking system and assigned a code / complaint number by Head of Whistle Blowing Function. This code / complaint number will be used in all subsequent processes including investigation and reporting of the allegation/complaint. Access to information regarding identity of the complainant will be restricted to authorized personnel only.
- c. Every complaint will initially be assessed by the Head of Whistle Blowing Function with a view to decide whether it meets the criteria laid down in the Whistle Blowing Program for an investigation to be conducted. However, final decision in this respect will be made by Head of Monitoring & Whistle Blowing Department.
- d. Initial inquiries / assessments will be made to determine whether an investigation is warranted and the form that it should take. Some concerns may be resolved through agreed action without the need for a formal investigation.
- e. If any of the complaints received involve personnel harassment, they will be referred to Bank's Human Resource Management Group (HRMG) for their appropriate action(s) in accordance with the "Policy for Protection of Women against Harassment" or other relevant policy. Moreover, in addition to workplace harassment, all other employee related complaints will also be forwarded to HRMG for appropriate action(s) at their end.
- f. All the customer services related complaints received by Whistle Blowing Function will be resolved through Service Quality Division (SQD) of the Bank.
- g. An investigation will only be conducted if the allegation / information is sufficiently specific and contains adequate corroborating evidence to warrant an investigation.
- h. The cases warranting investigation should be forwarded to the respective Division of Audit & RAR Group for further action.

- i. Investigations shall be conducted by competent and independent personnel, who should observe ethical and professional standards.
- j. The complainant shall be sent an acknowledgement at the earliest, preferably within 48 hours by the Whistle Blowing Function.
- k. Action(s) taken by the Bank will depend on the nature of the complaint and the results of the investigation. 9. **CONFIDENTIALITY**

Confidentiality of the whistle blower's / complainant's identity, the nature of the complaint and the suspected person's identity must be strictly maintained.

10. **PROTECTION AND REWARDS FOR WHISTLE BLOWERS / COMPLAINANTS**

Whistle Blowing Program of the Bank mandates secrecy and protection of whistle blowers.

a. Commitment to protecting whistle blowers / complainants

MCB Bank is committed to the protection of genuine whistle blowers / complainants against action(s) taken in reprisal for the making of protected disclosures.

b. Keeping the whistle blower / complainant informed

The Whistle Blowing Function will ensure the whistle blower / complainant is kept informed of action taken in relation to his or her disclosure as per complaint handling procedures.

c. Whistle blower / Complainants implicated in improper conduct or wrongdoing

The Bank acknowledges that the act of Whistle Blowing should not shield whistle blowers / complainants from the reasonable consequences flowing from any involvement in improper conduct or wrongdoing. A person's liability for his or her own conduct is not absolved by the person's disclosure of that conduct. However, in some circumstances, such admission may be a mitigating factor when considering disciplinary or other action.

d. Harassment or Victimization

The Bank recognizes that the decision to report a concern can be a difficult one to make because of the fear of reprisal from those responsible for the malpractice / misconduct. The Bank will not tolerate harassment or victimization and will take action(s) which could involve disciplinary proceedings to protect complainants when they raise a concern in good faith.

Retaliation against an individual, who, in good faith has made a complaint, disclosed information relating to a complaint or otherwise participated in an investigation relating to a complaint, is prohibited regardless of the outcome of the investigation. Complaints of alleged retaliation also are to be directed to the Whistle Blowing Function. The Bank shall not discharge, demote, suspend, threaten, harass or in any manner discriminate against an employee based upon any lawful actions of such employee with respect to reporting in good faith of complaints or participation in a related investigation. However, an employee's right to protection from retaliation does not extend immunity for any complicity in the matters that are the subject of the complaint or an ensuing investigation.

e. Rewards

Whistle blower / Complainant may be awarded monetary benefit / career advancement, after consultation with Human Resource Management Group, depending upon the nature and gravity of the complaint / disclosure. Board's Audit Committee will be the final authority to decide such reward. However, only those whistle blowers / complainants will be rewarded who will report such allegation by disclosing their complete identity and would also help in investigating the matter through providing necessary information/proof(s)/evidence(s), if asked for by the Investigator / Head of Whistle Blowing Function.

11. FALSE ALLEGATIONS OR COMPLAINTS

This Program also governs actions to be taken in case of deliberate false complaints. This is not meant to discourage or limit the rights of individuals from lodging complaint(s) against alleged malpractices or wrongdoings. The Bank recognizes that, in some instances, it may not be possible for the whistle blower / complainant to determine whether reporting of the incident is warranted. Employees should not be reluctant to report information because they are uncertain of who will be believed and whether the allegation can be proved. However, it is expected from all employees to refrain from rumor mongering, irresponsible behavior and false allegations and if staff makes an allegation in good faith, but it is not confirmed by the investigation, no action will be taken against them as per Bank's Disciplinary Action Policy. If, however, staff makes malicious or vexatious allegation(s) / complaint(s) disciplinary action may be taken against them and penalties may be imposed.

12. DISCIPLINARY ACTIONS AND PENALTIES

Where it is proved that an employee committed breach of the policies and/or Code of Conduct of the Bank or the complainant is guilty of a false allegation(s)/complaint(s) against any other employee or any other act or improper conduct or wrongdoing or insubordination, the matter shall be referred to Human Resource Management Group for disposal as per Disciplinary Action Policy of the Bank.
