Directors' Review – March 2021

MCB Bank for Life

Rs in Million

On behalf of the Board of Directors, we are pleased to place before you, the financial statements of MCB Bank Limited (MCB) for the quarter ended March 31, 2021.

Introduction

During the three month period ended March 31, 2021, MCB continued with its strategic focus on generating sustainable stakeholder value, while proactively monitoring the resurgence in COVID-19 cases and its potential ramifications on the macroeconomic and operating environment.

Un-appropriated Profit Carried Forward	58,268

MCB's unconsolidated Profit After Tax (PAT) for the three month period ended March 31, 2021 increased to Rs. 6.79 billion; translating into an Earning Per Share (EPS) of Rs. 5.73 against an EPS of Rs. 5.50 in corresponding period last year. Net Interest income was reported at Rs. 15.24 billion with a drop of 6.5% on account of decreased earning margins due to the expansionary monetary policy regime to combat the downside risks emanating from the pandemic.

Non-markup income block registered an increase of 22% to reach Rs. 4.75 billion as the improving transactional volumes amid economic recovery supplemented a growth of 17% in fee income while dividend income increased by 86% over corresponding period last year.

On the operating expenses side (excluding pension fund reversal), despite sustained inflationary pressures, expansion in branch outreach, continued investment in technological infrastructure and regular performance and merit adjustments of the Human Capital, the Bank's focus of balancing short term tactical cost reductions with long term cost initiatives assisted in containing the growth in administrative expenses to 5%.

On the provision front, the equity scrip disposals resulted in impairment reversal of Rs. 570 million for the first quarter 2021. Based on the objective and subjective downgrades, the Bank recorded net provision of Rs. 444 million in lieu of advances.

On the financial position side, the total asset base of the Bank on an unconsolidated basis was reported at Rs. 1.77 trillion. Analysis of the asset mix highlights that the net investments increased by Rs. 75 billion (7.4%) whereas the gross advances decreased by Rs. 33 billion (-6.5%) over December 2020. However, consumer lending book grew by Rs. 2.2 billion (+8%) on account of significant activity on the construction and auto segment.

MCB Bank Limited

Persistent focus on maintaining a robust risk management framework encompassing structured assessment models, effective pre-disbursement evaluation tools and an array of post disbursement monitoring systems has enabled MCB to effectively manage its credit risk. The non-performing loan (NPLs) base of the Bank hence recorded a marginal increase of 1.2% over December 2020 to report at Rs. 51.8 billion. The Bank has not taken FSV benefit in calculation of specific provision and carries un-encumbered general provision reserve of Rs. 4.06 billion. The coverage and infection ratios of the Bank were reported at 98.1% and 10.8% respectively.

On the liabilities side, achieving growth in no-cost current account base remained a key strategic objective for the Bank. Thereby, non-remunerative deposits grew by 7% to close at Rs. 521.76 billion; improving their mix in the total deposits to 40% as at March 31, 2021 compared to 38% as at December 31, 2020. CASA mix improved to 93.1% whereas the total deposits of the Bank grew by 2% against a subdued industry growth of 0.17% to close the period at Rs. 1.31 trillion.

Return on Assets and Return on Equity reported at 1.54% and 17.35% respectively, whereas the book value per share was reported at Rs. 127.16.

While complying with the regulatory capital requirements, the Bank's total Capital Adequacy Ratio (CAR) is 20.11% against the requirement of 11.5% (including capital conservation buffer of 1.50% as reduced under the BPRD Circular Letter No. 12 of 2020). Quality of the capital is evident from Bank's Common Equity Tier-1 (CET1) to total risk weighted assets ratio which comes to 16.56% against the requirement of 6%. Bank's capitalization also resulted in a Leverage Ratio of 6.4% which is well above the regulatory limit of 3.0%. The Bank reported Liquidity Coverage Ratio (LCR) of 249.67% and Net Stable Funding Ratio (NSFR) of 188.19% against requirement of 100%.

The Board of Directors has declared first interim cash dividend of Rs. 4.5 per share for the first quarter ended March 31, 2021.

Ratings

The Bank enjoys highest local credit ratings of AAA / A1+ categories for long term and short term respectively, based on PACRA notification dated June 26, 2020.

Economy Review

During the first quarter of 2021, Pakistan's macroeconomic fundamentals showed slight improvement as the businesses resumed operations after the second wave of the COVID-19 pandemic. However, the over-all situation remained challenging as the fear of the third wave continued to loom over the economy.

On the external front, Pakistan reported a current account surplus of USD 881 million during the first eight months of FY21 as compared to a deficit of USD 2.7 billion reported in the same period last year. The main reason for this positive development was the significant growth recorded in remittances that continued into 2021. Hence, despite the fact that the last few months witnessed a slight current account deficit, the overall situation remained well under control.

Due to the improvement in the current account balance and the foreign inflows received by the State bank, the foreign exchange reserves of SBP continued to provide a 3 month import cover. Moreover, the initiative of Roshan Digital Account taken by the SBP in September, 2020 gained pace during the first quarter of 2021 which further lent support to the external sector. In addition, Pakistan and IMF managed to find a common ground which led to the resumption of the USD 6 billion of Extended Fund Facility Programme.

As a result of improved situation on the external front, the USD/PKR parity appreciated during the first three months of the current calendar year. Starting the quarter at PKR 159.8344 and after touching a high of PKR 160.7957 in January 2021, the rupee settled at PKR 152.7586 against USD at the quarter end. The total appreciation of rupee recorded during the quarter was 4.4%.

Meanwhile, Inflation picked up slightly during the first quarter of 2021 after touching a low of 5.7% (for the fiscal year) in January, 2021. The uptick in inflation was mainly observed due to an increase in the electricity base tariff. However, average inflation for the quarter was 7.8% as compared to 12.4% during the same period last year. To stimulate the growth in the economy in the after-math of the pandemic, the State Bank of Pakistan kept the policy rate unchanged at 7% in its two monetary policy meetings held during the quarter.

As regards to Pakistani stock markets, the KSE-100 showed largely positive performance during the first two months of 2021 as different businesses across the economy resumed their operations. However, during March, the political uncertainty overtook the market and the index closed the quarter at 44,587 points, up by merely 1.9% during the three month period.

On the fiscal side, the finance ministry released the official numbers for the first half of FY21 which showed that the budget deficit clocked in at 2.5% of GDP as compared to 2.3% of GDP during the same period last year. However, the primary balance remained in surplus and stood at 0.7% of GDP. FBR tax revenue collection stood at PKR 2.21 trillion during the first six months of the current fiscal year as compared to PKR 2.25 trillion during the same period last year.

Future Outlook

Pakistan is currently going through the third wave of the COVID-19 pandemic which has slowed down the economic activity. For FY21, IMF is eyeing a GDP growth of 1.5% while SBP expects the GDP to grow by approximately 3% on the basis of improved business sentiment. However, moving forward, the government will have to remain vigilant to control further spread of the virus and increase the pace of its vaccination drive to fasten the recovery process.

On the positive side, the government of Pakistan and IMF were able to reach a consensus during the quarter which lifted the business sentiment in the economy. The need of the hour is that the government takes the necessary policy measures and fiscal reforms under the IMF programme to bring the economy back on track after a very challenging year laden with a public health crisis.

Appreciation and Acknowledgements

The Board of Directors of MCB Bank Limited would like to thank the Government of Pakistan, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and other regulatory bodies for their continued support, all shareholders and customers of the Bank for their trust, and our employees for their continuous dedication and commitment.

For and on behalf of the Board of Directors,

furrow magoore.

MCB Bank Limited

Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

1. STATUS AND NATURE OF BUSINESS

MCB Bank Limited (the 'Bank') is a banking company incorporated in Pakistan and is engaged in commercial banking and related services. The Bank's ordinary shares are listed on the Pakistan stock exchange. The Bank's Registered Office and Principal Office are situated at MCB -15 Main Gulberg, Lahore. The Bank operates 1418 branches (2020: 1418 branches) within Pakistan and 11 branches (2020: 11 branches) outside Pakistan (including the Karachi Export Processing Zone branch).

2. BASIS OF PREPARATION

- 2.1 These unconsolidated condensed interim financial statements represent separate financial statements of MCB Bank Limited. The consolidated condensed interim financial statements of the Group are being issued separately.
- 2.2 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated condensed interim financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.
- 2.3 The unconsolidated condensed interim financial statements are presented in Pak Rupees, which is the Bank's functional and presentation currency. The amounts are rounded off to the nearest thousand.
- 2.4 These unconsolidated condensed interim financial statements have been prepared under the historical cost convention except that certain classes of fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits are carried at present value.

3. STATEMENT OF COMPLIANCE

3.1 These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;

- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

3.2 The State Bank of Pakistan has deferred the applicability of International Financial Reporting Standard 9, 'Financial Instruments' through BPRD Circular No. 04 of 2019 dated October 23, 2019 and International Accounting Standards 40, 'Investment Property' for Banking Companies through BSD Circular No. 10 dated August 26, 2002. The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of IFRS-7 "Financial Instruments: Disclosures" on banks through S.R.O 411(1) /2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.

Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

- 3.3 The SECP vide its notification SRO 633 (I)/2014 dated 10 July 2014, adopted IFRS 10 effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.
- 3.4 The disclosures made in these unconsolidated condensed interim financial statements have been limited based on a format prescribed by the SBP vide BPRD Circular Letter No. 05 of 2019 dated March 22, 2019 and IAS 34, Interim Financial Reporting. These unconsolidated condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual unconsolidated financial statements for the financial year ended December 31, 2020.

3.5 Amendments to approved accounting standards that are effective in the current period

There are certain new standards and interpretations of and amendments to existing accounting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2021. These are considered either to not be relevant or not to have any significant impact on the Bank's unconsolidated condensed interim financial statements.

3.6 Standards, interpretations of and amendments to approved accounting standards that are not yet effective

The following new standards and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

	Effective date (annual periods beginning on or after)
IAS 1, Presentation of Financial Statements (Amendments)	January 1, 2022
IAS 16, Property, plant and equipment (Amendments)	January 1, 2022
IAS 37, Provisions, Contingent Liabilities and Contingent Assets (Amendments)	January 1, 2022

IFRS 9, Financial Instruments: Classification and Measurement, addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on an 'expected credit losses' (ECL) approach rather than the 'incurred credit losses' approach as currently followed. The ECL approach has an impact on all assets of the Bank which are exposed to credit risk.

IFRS 9 is effective from January 01, 2021 as per BPRD Circular No. 04 of 2019 dated October 23, 2019 of SBP. However, Implementation guidelines from SBP for consistent application of IFRS 9 across the banking industry are awaited. Therefore these unconsolidated condensed interim financial statements have been prepared in accordance with the existing prudential regime. However, the requirements of this standard are incorporated in these unconsolidated financial statements for the jurisdictions where IFRS 9 has been adopted.

There are other new and amended standards and interpretations that are mandatory for the Bank's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these unconsolidated condensed interim financial statements.

4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual unconsolidated financial statements of the Bank for the year ended December 31, 2020.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these unconsolidated condensed interim financial statements are the same as that applied in the preparation of the unconsolidated financial statements for the year ended December 31, 2020.

6. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the unconsolidated financial statements for the year ended December 31, 2020. These risk management policies continue to remain robust and the Bank is reviewing its portfolio regularly and conducts rapid portfolio reviews in line with emerging risks.

- 11.3.1 State Bank of Pakistan vide BSD Circular No. 2 dated January 27, 2009, BSD Circular No. 10 dated October 20, 2009, BSD Circular No. 02 of 2010 dated June 03, 2010 and BSD Circular No.1 of 2011 dated October 21, 2011 has allowed benefit of forced sale value (FSV) of Plant & Machinery under charge, pledged stock and mortgaged residential, commercial & industrial properties (land and building only) held as collateral against NPLs for five years from the date of classification. However, management has not taken the FSV benefit in calculation of specific provision.
- 11.3.2 General provision against consumer loans represents provision maintained against fully secured performing portfolio and unsecured performing portfolio as required by the Prudential Regulations issued by the SBP. General provision against Small Enterprise Finance represents provision maintained at an amount equal to 1% of unsecured performing portfolio as required by the Prudential Regulations issued by the SBP. General provisions pertaining to overseas advances are made in accordance with the requirements of the regulatory authorities of the respective countries in which the overseas branches operate.
- 11.3.3 In addition, the Bank has also maintained an un-encumbered general provision of Rs 4,064 million (December 31, 2020: Rs 4,564 million) against financing made on prudent basis. This general provision is in addition to the requirements of Prudential Regulations.

20.1 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Bank maintained its provision in respect of WWF.

21.1 Under IFRS-3 a bargain purchase represents an economic gain which should be immediately recognized by the acquirer as income. However, the amount of bargain purchase gain was not been taken to the profit and loss account as the SBP, through its letter BPRD(R&PD)/2017/14330 dated June 13, 2017 recommended that the amount of gain may be routed directly into equity as a Non-distributable Capital Reserve (NCR). The NCR may become available for distribution through a stock dividend only with prior approval of the SBP. The Bank, before distribution of the gain as a stock dividend, may adjust any subsequent provisions/deficit, assessed by the Bank or recommended by the Banking Inspection Department of SBP, in the acquired assets and liabilities of NIB Bank Limited against the NCR.

21.2 Statutory reserve represents amount set aside as per the requirements of section 21 of the Banking Companies Ordinance, 1962.

MCB Bank Limited

Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

23.2.4 The Bank makes commitments to extend credit in the normal course of its business but these being revocable commitments do not attract any significant penalty or expense if the facility is unilaterally withdrawn.

		Note	Unaudited March 31, 2021	Audited December 31, 2020
23.3	Other contingent liabilities		Rupee	s in '000
	Claims against the Bank not acknowledged as debts	23.3.1	27,922,874	27,960,316

23.3.1 These represent certain claims by third parties against the Bank, which are being contested in the Courts of law. The management is of the view that these relate to the normal course of business and the possibility of an outflow of economic resources is remote.

23.4 Taxation

For assessment year 1988-89 through tax year 2018, the tax department disputed Bank's treatment on certain issues, where the Bank's appeals are pending at various appellate forums, entailing an additional tax liability of Rs.5,986 million (2020: Rs. 6,033 million). Such issues inter alia principally include disallowance of expenses for non deduction of withholding tax and non availability of underlying records, provision for non performing loans, attribution of expenses to heads of income other than income from business and disallowance of credit for taxes paid in advance / deducted at source.

The Bank has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Bank are being contested by the department at higher forums. No provision has been made in these unconsolidated condensed interim financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the department is in appeal, as the management is of the view that the issues will be decided in the Bank's favour as and when these are taken up by the Appellate Authorities.

35. FAIR VALUE MEASUREMENTS

The fair value of traded investments is based on quoted market prices, except for tradable securities classified by the Bank as 'held to maturity'. Quoted securities classified as held to maturity are carried at amortised cost. Fair value of unquoted equity investments other than investments in associates and subsidiaries is determined on the basis of break up value of these investments as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the financial assets and financial liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

35.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Valuation techniques used in determination of fair valuation of financial instruments within level 2

ltem	Valuation approach and input used
Federal Government securities	The fair values of Federal Government securities are determined using the PKRV rates.
Term Finance and Bonds	Investments in debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currency involved, interest rates, yield curves, volatilities, contracts duration etc.
Operating fixed assets (land and building) & NBA	Land and buildings are revalued every three years using professional valuers on the panel of Pakistan Banker's Association. The valuation is based on their assessment of market value of the properties.

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares and units of mutual funds.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuk Bonds, Pakistan Investment Bonds, Market Treasury Bills, Term Finance certificates, FX options, Cross Currency Swaps, Interest Rate Swaps and Forward Exchange Contracts.

(c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Bank essentially carries its investments in debt and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Bank has adopted revaluation model (as per IAS 16) in respect of land and building.

1.1 The board of directors of the Bank has approved the winding up of Financial & Management Services (Private) Limited. The Bank holds 95.90% shareholding of the Company.

2. BASIS OF PREPARATION

- 2.1 These consolidated financial statements include the financial statements of MCB Bank Limited and its subsidiary companies.
 - a Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date when control ceases. The assets and liabilities of subsidiary companies have been consolidated on a line by line basis based in the financial statements for the three months period ended March 31, 2021 and the carrying value of investments held by the parent is eliminated against the subsidiaries' shareholders' equity in these consolidated condensed interim financial statements. Material intra-Group balances and transactions have been eliminated.
 - b Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for under the equity method of accounting and are initially recognised at cost, thereafter adjusted for the post-acquisition change in the Group's share of net assets of the associates. The cumulative post-acquisition movements are adjusted in the carrying amount of the investment. Accounting policies of the associates have been changed where necessary to ensure consistency with the policies adopted by the Group. The Group's share in associates have been accounted for based on the financial statements for the three months period ended March 31, 2021.
 - c Non-controlling interest is that part of the net results of operations and of net assets of subsidiary companies attributable to interests which are not owned by the Group.
- 2.2 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated condensed interim financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.

The financial results of the Group's Islamic Banking business have been consolidated in these financial statements for reporting purposes, after eliminating material inter-group transactions / balances. Key financial figures of the Islamic Banking business are disclosed in note 39 to these consolidated condensed interim financial statements.

2.3 The consolidated condensed interim financial statements are presented in Pak Rupees, which is the Group's functional and presentation currency. The amounts are rounded off to the nearest thousand.

2.4 These consolidated condensed interim financial statements have been prepared under the historical cost convention except that certain classes of fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits are carried at present value.

3. STATEMENT OF COMPLIANCE

3.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act. 2017:

- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;

- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and

- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

- 3.2 The State Bank of Pakistan has deferred the applicability of International Financial Reporting Standard 9, 'Financial Instruments' through BPRD Circular No. 04 of 2019 dated October 23, 2019 and International Accounting Standards 40, 'Investment Property' for Banking Companies through BSD Circular No. 10 dated August 26, 2002. The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of IFRS-7 "Financial Instruments: Disclosures" on banks through S.R.O 411(1) /2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.
- 3.3 The SECP vide its notification SRO 633 (I)/2014 dated 10 July 2014, adopted IFRS 10 effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.
- 3.4 The disclosures made in these consolidated condensed interim financial statements have been limited based on a format prescribed by the SBP vide BPRD Circular Letter No. 05 of 2019 dated March 22, 2019 and IAS 34, Interim Financial Reporting. These consolidated condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual consolidated financial statements for the financial year ended December 31, 2020.

3.5 Amendments to approved accounting standards that are effective in the current period

There are certain new standards and interpretations of and amendments to existing accounting standards that have become applicable to the Group for accounting periods beginning on or after January 1, 2021. These are considered either to not be relevant or not to have any significant impact on the Group's consolidated condensed interim financial statements.

3.6 Standards, interpretations of and amendments to approved accounting standards that are not yet effective

The following new standards and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

MCB Bank Limited & Subsidiary Companies

Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

Effective date (annual periods beginning on or after)

IAS 1, Presentation of Financial Statements (Amendments)	January 1, 2022
IAS 16, Property, plant and equipment (Amendments)	January 1, 2022
IAS 37, Provisions, Contingent Liabilities and Contingent Assets (Amendments)	January 1, 2022

IFRS 9, Financial Instruments: Classification and Measurement, addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on an 'expected credit losses' (ECL) approach rather than the 'incurred credit losses' approach as currently followed. The ECL approach has an impact on all assets of the Group which are exposed to credit risk.

IFRS 9 is effective from January 01, 2021 as per BPRD Circular No. 04 of 2019 dated October 23, 2019 of SBP. However, Implementation auidelines from SBP for consistent application of IFRS 9 across the banking industry are awaited. Therefore these consolidated condensed interim financial statements have been prepared in accordance with the existing prudential regime. However, the requirements of this standard are incorporated in these consolidated financial statements for the jurisdictions where IFRS 9 has been adopted.

There are other new and amended standards and interpretations that are mandatory for the Group's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these consolidated condensed interim financial statements.

4. SIGNIFICANT ACCOUNTING POLICIES

4.1 The significant accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual consolidated financial statements of the Group for the year ended December 31, 2020.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these consolidated condensed interim financial statements are the same as that applied in the preparation of the consolidated financial statements for the year ended December 31, 2020.

6. FINANCIAL RISK MANAGEMENT

7.

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2020. These risk management policies continue to remain robust and the Group is reviewing its po

- 11.3.1 State Bank of Pakistan vide BSD Circular No. 2 dated January 27, 2009, BSD Circular No. 10 dated October 20, 2009, BSD Circular No. 02 of 2010 dated June 03, 2010 and BSD Circular No.1 of 2011 dated October 21, 2011 has allowed benefit of forced sale value (FSV) of Plant & Machinery under charge, pledged stock and mortgaged residential, commercial & industrial properties (land and building only) held as collateral against NPLs for five years from the date of classification. The Bank (holding company) has not taken the FSV benefit in calculation of specific provision. However, one of the subsidiary of the Bank has availed benefit of forced sale values amounting to Rs.11.058 million (December 31, 2020: Rs.543.151 million) in determining the provisioning against non-performing Islamic financing and related assets as at March 31, 2021. The additional benefit on the Group's statement of profit and loss arising from availing the FSV benefit net of tax amounts to Rs 7.349 million as at March 31, 2021 (December 31, 2020: Rs 353.048 million). However, the additional impact on profitability arising from availing the benefit of forced sales value is not available for payment of cash or stock dividends to shareholders.
- 11.3.2 General provision against consumer loans represents provision maintained against fully secured performing portfolio and unsecured performing portfolio as required by the Prudential Regulations issued by the SBP. General provision against Small Enterprise Finance represents provision maintained at an amount equal to 1% of unsecured performing portfolio as required by the Prudential Regulations issued by the SBP. General provisions pertaining to overseas advances are made in accordance with the requirements of the regulatory authorities of the respective countries in which the overseas branches operate.
- 11.3.3 In addition, the Group has also maintained a general provision of Rs 4,064 million (December 31, 2020: Rs 4,564 million) against financing made on prudent basis. This general provision is in addition to the requirements of Prudential Regulations.

20.1 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Group maintained its provision in respect of WWF.

21.1 Under IFRS-3 a bargain purchase represents an economic gain which should be immediately recognized by the acquirer as income. However, the amount of bargain purchase gain was not been taken to the profit and loss account as the SBP, through its letter BPRD(R&PD)/2017/14330 dated June 13, 2017 recommended that the amount of gain may be routed directly into equity as a Non-distributable Capital Reserve (NCR). The NCR may become available for distribution through a stock dividend only with prior approval of the SBP. The Group, before distribution of the gain as a stock dividend, may adjust any subsequent provisions/deficit, assessed by the Bank or recommended by the Banking Inspection Department of SBP, in the acquired assets and liabilities of NIB Bank Limited against the NCR.

21.2 Statutory reserve represents amount set aside as per the requirements of section 21 of the Banking Companies Ordinance, 1962. Audited ...

	Claims against the Group not acknowledged as debts	23.3.1	28,373,637	28,397,749

23.3.1 These represent certain claims by third parties against the Group, which are being contested in the Courts of law. The management is of the view that these relate to the normal course of business and the possibility of an outflow of economic resources is remote.

23.4 Taxation

For assessment year 1988-89 through tax year 2018, the tax department disputed Group's treatment on certain issues, where the Group's appeals are pending at various appellate forums, entailing an additional tax liability of Rs.5.986 million (2020: Rs. 6,033 million). Such issues inter alia principally include disallowance of expenses for non deduction of withholding tax and non availability of underlying records, provision for non performing loans, attribution of expenses to heads of income other than income from business and disallowance of credit for taxes paid in advance / deducted at source.

The Group has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Bank are being contested by the department at higher forums. No provision has been made in these consolidated condensed interim financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the department is in appeal, as the management is of the view that the issues will be decided in the Group's favour as and when these are taken up by the Appellate Authorities.

35. FAIR VALUE MEASUREMENTS

The fair value of traded investments is based on quoted market prices, except for tradable securities classified by the Group as 'held to maturity'. Quoted securities classified as held to maturity are carried at amortised cost. Fair value of unquoted equity investments other than investments in associates is determined on the basis of break up value of these investments as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the financial assets and financial liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

35.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Valuation techniques used in determination of fair valuation of financial instruments within level 2

ltem	Valuation approach and input used
Federal Government securities	The fair values of Federal Government securities are determined using the PKRV rates.
Term Finance and Bonds	Investments in debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currency involved, interest rates, yield curves, volatilities, contracts duration etc.
Operating fixed assets (land and building) & NBA	Land and buildings are revalued every three years using professional valuers on the panel of Pakistan Banker's Association. The valuation is based on their assessment of market value of the properties.

The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares and units of mutual funds.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuk Bonds, Pakistan Investment Bonds, Market Treasury Bills, Term Finance certificates, FX options, Cross Currency Swaps, Interest Rate Swaps and Forward Exchange Contracts.

(c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Three Months Period Ended March 31, 2021

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Group essentially carries its investments in debt and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Group has adopted revaluation model (as per IAS 16) in respect of land and building.
