The Chairman informed the members that the Bank continued with its strong performance on account of low cost deposits base, improved quality of advances and significant contribution from non-markup income. MCB Bank reported Profit Before Tax (PBT) of Rs.42.333 billion and Profit After Tax (PAT) of Rs. 25.551 billion with an increase of 15% and 5% over 2014, respectively. This was primarily contributed by 13% increase in Net Markup Income and 32% increase in Non-Markup Income. Net Markup Income of the Bank was reported at Rs. 49.322 billion whereas Non-Markup Income increased to Rs.17.115 billion. The increase in Non-Markup Income was due to capital gains which increased by Rs. 2.780 billion and fee & commission income that increased by Rs. 1.158 billion over last year. On the gross markup income side, the Bank recorded an increase of Rs. 3.263 billion with major contribution from investments income. This growth in investment income was achieved through prudent placements and timely shift in concentration levels of investments.

The Chairman added that the administrative block (excluding pension fund reversal) of the Bank registered nominal increase of 8% over 2014 depicting continued focus on cost control and deployment of cost-effective measures. On the provision front, the Bank subjectively downgraded few credit exposures and recorded impairment on its oil related equity exposures.
