#### Non Solar Inverter *QCTA*

Usage  
An Inverter is an electrical device that converts direct current (DC) to alternating current (AC).

- Free AC & DC cables
- Built-in intelligent 3-stage charger control for efficient charging and preventing overcharge
- Highly efficient DC-to-AC conversion, minimizing energy loss
- User-friendly LCD+LED indications with setting function
- Multiple protections: low battery alarm, low battery shutdown, overload protection, over temperature protection, short circuit protection
