With strong build up in core earnings, MCB's Profit Before Tax (PBT) for the half year ended June 30, 2022 increased to Rs 32.5 billion with a historic high PBT of Rs. 17.6 billion for the second quarter. Retrospective application of tax amendments along with higher tax rates for the current period enacted through Finance Act, 2022 resulted into 87% effective tax rate for second quarter. Profit After Tax (PAT) registered a decline of 25% to reach Rs. 11.13 billion against Rs. 14.74 billion reported in the corresponding period last year; translating into Earning Per Share (EPS) of Rs. 9.39 compared to an EPS of Rs. 12.44.

On the back of strong volumetric growth in current account and favorable yield curve movements, net interest income for H1'22 increased by 24% over corresponding period last year. YoY average current deposits of the Bank registered a growth of Rs 86.30 billion (+17%) while the CASA deposits averaged at Rs. 1,366 billion; hence, the average CASA to total deposits ratio was measured at a level of 93% in H1'22.

Non-markup income registered a growth of 36% and aggregated to Rs. 12.90 billion against Rs. 9.50 billion in the corresponding period last year. The growth achieved is broad based and driven primarily by the prudent positioning of foreign exchange assets/liabilities amidst comparatively favorable swap curves and diversification of revenue streams through continuous enrichment of service suite while upholding highest service standards; foreign exchange, dividend income and fee & commission income rose by 195%, 28% and 12% respectively.

MCB strives to inculcate operational efficiencies across its entire spectrum through optimization, automation and streamlining of business processes. This relentless focus has enabled the Bank to prudently manage its operating expense base despite sustained inflationary pressures due to currency devaluation and rising commodity prices, higher compliance related regulatory charges, expansion in branch outreach and regular performance and merit adjustments of the Human Capital.

For H1'22, the operating expenses of the Bank were recorded at Rs. 19.44 billion, growing by a modest 13% year on year, while the cost to income ratio significantly improved to 38% from 42% reported in corresponding period last year.

Proactive monitoring and recovery efforts led to a net provision reversal against non-performing loans (NPL's) which aggregated to Rs. 1,696 million for the period under review.

### MCB Bank Limited

Persistent focus on maintaining a robust risk management framework encompassing structured assessment models, effective pre-disbursement evaluation tools and an array of post disbursement monitoring systems has enabled MCB to effectively manage its credit risk. The Non-performing loan (NPLs) base of the Bank was reported at Rs. 51.19 billion. The Bank has not taken FSV benefit in calculation of specific provision against its non-performing loans (NPL's) base. The coverage and infection ratios of the Bank were reported at 86.78% and 7.87% respectively.

On the financial position side, the total asset base of the Bank grew by 3% and was reported at Rs. 2,039 billion. Gross advances registered an increase, of Rs. 15 billion (+2%), as the consumer lending book further consolidated its traction gained in the last year and grew by Rs. 5.4 billion (+14%).

During the period under review, MCB's strategic objective of achieving growth in no-cost current account base was reinforced by an uncertain and volatile interest rate scenario; leading to persistent re-pricing gaps between the earning assets and liabilities. Hence, the Bank registered a growth of 21% in non-remunerative deposits to close the period at Rs. 681.46 billion. CASA mix was reported at an industry leading level of 92.41% which in turn is a reflection of the customer loyalty earned by the Bank through sustained provision of quality services over a rich heritage of 75 years. The total deposits of the Bank grew by 13%, as compared to an industry growth of 9%.

During the ongoing year, the Bank celebrates successful completion of 75 years of its banking services to the nation. Originating from modest beginnings, the Bank has transformed into a dynamic and innovative organization; overcoming a multitude of challenges along the way with resolve and fortitude. Recognition by the globally coveted Asia Money awards as 'Pakistan's Best Corporate Bank of the Year' in 2022 is a testament to its legacy of posting consistent and exceptional performance for its stakeholders.

While complying with the regulatory capital requirements, the Bank's total Capital Adequacy Ratio (CAR) is 16.45% against the requirement of 11.5% (including capital conservation buffer of 1.50% as reduced under the BPRD Circular Letter No. 12 of 2020). Quality of the capital is evident from Bank's Common Equity Tier-1 (CET1) to total risk weighted assets ratio which comes to 15.43% against the requirement of 6%. Bank's capitalization also resulted in a Leverage Ratio of 5.86% which is well above the regulatory limit of 3.0%. The Bank reported Liquidity Coverage Ratio (LCR) of 214.25% and Net Stable Funding Ratio (NSFR) of 131.53% against requirement of 100%.

The Board of Directors has declared a 2nd interim cash dividend of Rs. 4.0 per share i.e 40%, in addition to 50% already paid, bringing the total cash dividend for the half year ended June 30, 2022 to 90%.

### Ratings

Pakistan Credit Rating Agency re-affirmed credit ratings of MCB at "AAA / A1+" for long term and short term respectively, through its notification dated June 23, 2022.

### **Economy Review**

During the first half of calendar year (CY) 2022, Pakistan's macroeconomic conditions worsened on the back of rising international commodity prices and untargeted energy subsidies. Uncertain political situation caused overall economic confidence to fall sharply during March and April. Unsustainable fiscal measures taken especially during March – May 2022 caused import bill to further expand, resulting in higher monthly current account deficits. As a result, country's foreign exchange reserves fell to critical levels. However, the Government of Pakistan (GOP) presented a contractionary budget for the fiscal year 2023 to improve economic stability of the country.

Annual inflation in Pakistan reached a fourteen-year high level of 21.3% in June 2022 from 13.8% in May 2022. The monthly inflation was recorded as 6.3%. The average annual inflation for fiscal year 2022 (FY22) has reached 12.2%, above SBP's initial forecast of 11%. The sharp increase in the rate of price hikes was observed mainly due to consistently rising international commodity prices, PKR devaluation against USD, and reversal of fuel and electricity subsidies.

On the external front, Pakistan's trade deficit expanded by 55.3% in a year from USD 31.1 billion in FY21 to USD 48.3 billion in FY22. Import bill continued to increase as an outcome the GOP imposed ban on almost 800 import items in June 2022. The current account deficit (CAD) for the FY22 reached USD 17.41 billion. Higher current account deficits and external debt repayments caused country's foreign exchange reserves to fall from USD 17.7 billion in January 2022 to USD 9.8 billion in June 2022. Pakistan received a commercial loan of USD 2.3 billion from China in June to support falling foreign exchange reserves. PKR depreciated almost by 16% during the first six months of CY 2022; from 176.5135 on December 31, 2021 to 204.8467 on June 30, 2022. Subsequent to half year end, PKR touched its lowest of 239.9427 on July 28, 2022 before improvement to 213.8992 on August 16, 2022.

The State Bank of Pakistan raised policy rate cumulatively by 400 bps in the second guarter of 2022 from 9.75% to 13.75% and further 125 bps increase on July 07, 2022 taking the benchmark rate to 15.0%SBP noted the need to cool down economic activities as the growth in economy had been much stronger than expected to keep inflation expectations anchored and contain risks to external stability. Real GDP growth rate for FY22 is estimated at 5.97%.

On the fiscal side, the FBR collected net tax revenue of PKR 6.125 billion in FY22 against an upwardly revised target of PKR 6,100billion. On yearly basis, FBR revenue collection presented a growth of 29.1% from PKR 4,744billion in FY21. In May 2022 and June 2022, the GOP removed fuel and energy subsidies to meet the IMF conditions for the seventh and eighth reviews of Extended Fund Facility (EFF). This has caused a sharp increase in the domestic headline inflation.

### **Future Outlook**

The budget of FY23 is comparatively contractionary. This coupled with rising policy rate is expected to moderate domestic demand and economic activity in Pakistan. On the back of international interest rate hikes, the global demand is expected to fall in the coming months, which may impact domestic GDP growth as well. The staff-level agreement reached between IMF and Pakistan on the combined seventh and eight reviews for EFF, amounting to USD 1.9 billion, bodes well for the country's dwindling foreign reserves and shall pave the way for financing from other multilateral and bilateral sources. Under these measures, the balance of payment issues are expected to be resolved and PKR depreciation against USD is expected to moderate. Inflation in the economy will likely remain elevated throughout the fiscal year 2023. SBP expects the GDP growth rate for FY23 to be in between 3% to 4%.

### **Appreciation and Acknowledgements**

The Board of Directors of MCB Bank Limited would like extend their sincere gratitude towards the Government of Pakistan, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and other regulatory bodies for their continued support and guidance, all shareholders and customers of the Bank for their trust, and our employees for their continuous dedication and commitment.

For and on behalf of the Board of Directors.

aumen.

### **Independent Auditor's Review Report**

To The Members of MCB Bank Limited Report on Review of Unconsolidated Condensed Interim Financial Statements

### Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of MCB Bank Limited ("the Bank") as at June 30, 2022 and the related unconsolidated condensed interim profit and loss account, unconsolidated condensed interim statement of changes in equity, and unconsolidated condensed interim cash flow statement, and notes to the unconsolidated condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures for the quarters ended June 30, 2022 and June 30, 2021 in the unconsolidated condensed interim profit and loss account and unconsolidated condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

### **Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's review report is Hammad Ali Ahmad.

## Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

### 1. STATUS AND NATURE OF BUSINESS

MCB Bank Limited (the 'Bank') is a banking company incorporated in Pakistan and is engaged in commercial banking and related services. The Bank's ordinary shares are listed on the Pakistan stock exchange. The Bank's Registered Office and Principal Office are situated at MCB -15 Main Gulberg, Lahore. The Bank operates 1,428 branches (2021: 1,426 branches) within Pakistan and 09 branches (2021: 11 branches) outside Pakistan (including the Karachi Export Processing Zone branch).

### 2. BASIS OF PREPARATION

- 2.1 These unconsolidated condensed interim financial statements represent separate financial statements of MCB Bank Limited. The consolidated condensed interim financial statements of the Group are being issued separately.
- 2.2 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated condensed interim financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.
- The unconsolidated condensed interim financial statements are presented in Pak Rupees, which is the Bank's functional and presentation currency of its primary economic environment. The amounts are rounded off to the nearest thousand.
- 2.4 These unconsolidated condensed interim financial statements have been prepared under the historical cost convention except that certain classes of fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits and lease liabilities which have been carried at present value and right of use assets which are initially measured at an amount equal to the corresponding lease liability and depreciated over the respective lease terms.

### 3. STATEMENT OF COMPLIANCE

16

- 3.1 These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
  - International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
  - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
  - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

- 3.2 The State Bank of Pakistan has deferred the applicability of International Accounting Standards 40, 'Investment Property' for Banking Companies through BSD Circular No. 10 dated August 26, 2002. The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of IFRS-7 "Financial Instruments: Disclosures" on banks through S.R.O 411(1) /2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.
- 3.3 The SECP vide its notification SRO 633 (I)/2014 dated July 10, 2014, adopted IFRS 10 effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.
- 3.4 The disclosures made in these unconsolidated condensed interim financial statements have been limited based on a format prescribed by the SBP vide BPRD Circular Letter No. 05 of 2019 dated March 22, 2019 and IAS 34, Interim Financial Reporting. These unconsolidated condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual unconsolidated financial statements for the financial year ended December 31, 2021.
- 3.5 Amendments to approved accounting standards that are effective in the current period

There are certain amendments to existing accounting standards that have become applicable to the Bank for accounting periods beginning on or after January 1, 2022. These are considered either to not be relevant or not to have any significant impact on the Bank's unconsolidated condensed interim financial statements.

## Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

### Standards, interpretations of and amendments to approved accounting standards that are not yet effective

The following new standard and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

Effective date (annual periods beginning on or after)

Amended Definition of Accounting Estimates – Amendments to IAS 8 Deferred tax related to assets and liabilities arising from a single transaction –

Amendment to IAS 12

Classification of Liabilities as Current or Non-current – Amendments to IAS 1

January 1, 2023 January 1, 2023

January 1, 2024

IFRS 9, Financial Instruments: Classification and Measurement, addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on an 'Expected Credit Losses' (ECL) approach rather than the 'incurred credit losses' approach as currently followed. The ECL approach has an impact on all assets of the Bank which are exposed to credit risk.

As per the SBP's BPRD Circular Letter no. 03 dated July 5, 2022, the applicability of IFRS 9 to banks in Pakistan has been deferred to accounting periods beginning on or after January 1, 2023. Therefore, these unconsolidated condensed interim financial statements have been prepared in accordance with the existing prudential regime to the extent of the Bank's domestic operations, whereas the requirements of this standard are incorporated for overseas jurisdictions where IFRS 9 has been adopted. The impact of the application of IFRS 9 on Bank's financial statements is being assessed with respect to domestic operations.

There are other amendments and interpretations to existing standards that are mandatory for the Bank's accounting periods beginning on or after January 1, 2023 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these unconsolidated condensed interim financial statements.

### 4 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual unconsolidated financial statements of the Bank for the year ended December 31, 2021.

### 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these unconsolidated condensed interim financial statements are the same as that applied in the preparation of the unconsolidated financial statements for the year ended December 31, 2021.

### 6 FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the unconsolidated financial statements for the year ended December 31, 2021. These risk management policies continue to remain robust and the Bank is reviewing its portfolio regularly in line with emerging risks.

20.1 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Bank maintained its provision in respect of WWF.

- 21.1 Under IFRS-3 a bargain purchase represents an economic gain which should be immediately recognized by the acquirer as income. However, the amount of bargain purchase gain was not been taken to the profit and loss account as the SBP, through its letter BPRD(R&PD)/2017/14330 dated June 13, 2017 recommended that the amount of gain may be routed directly into equity as a Non-distributable Capital Reserve (NCR). The NCR may become available for distribution through a stock dividend only with prior approval of the SBP. The Bank, before distribution of the gain as a stock dividend, may adjust any subsequent provisions/deficit, assessed by the Bank or recommended by the Banking Inspection Department of SBP, in the acquired assets and liabilities of NIB Bank Limited against the NCR.
- 21.2 Statutory reserve represents amount set aside as per the requirements of section 21 of the Banking Companies Ordinance, 1962.

## Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

23.2.4 The Bank makes commitments to extend credit in the normal course of its business but these being revocable commitments do not attract any significant penalty or expense if the facility is unilaterally withdrawn.

Note Unaudited December 31, 2021 ------Rupees in '000------

### 23.3 Other contingent liabilities

Claims against the Bank not acknowledged as debts 23.3.1 29,104,766 25,738,784

23.3.1 These mainly represent counter claims by borrowers for damages and other claims relating to banking transactions. Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any adverse outcome is remote. Accordingly, no provision has been made in these unconsolidated condensed interim financial statements.

### 23.4 Taxation

For assessment year 1999-2000 through tax year 2021, the tax department disputed Bank's treatment on certain issues, where the Bank's appeals are pending at various appellate forums, entailing an additional tax liability of Rs. 1,158 million (2021: Rs. 1,497 million). Such issues inter alia principally include disallowance of expenses for non deduction of withholding tax and non availability of underlying records, provision for non performing loans, attribution of expenses to heads of income other than income from business and disallowance of credit for taxes paid in advance / deducted at source.

The Bank has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Bank are being contested by the department at higher forums. No provision has been made in these unconsolidated condensed interim financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the department is in appeal, as the management is of the view that the issues will be decided in the Bank's favour as and when these are taken up by the Appellate Authorities.

### 23.5 Amortization of goodwill and other intangibles amounting to Rs 28.08 billion of Ex. NIB

Issue of goodwill and other related assets amortization for few years has been assessed in Bank's favour at appellate forums during the year, however, the tax department has filed appeal against these decisions. The management has not recorded any tax benefit because the issue has not attained finality.

### Notes To The Unconsolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

### 35. FAIR VALUE MEASUREMENTS

The fair value of traded investments is based on quoted market prices, except for tradable securities classified by the Bank as 'held to maturity'. Quoted securities classified as held to maturity are carried at amortised cost. Fair value of unquoted equity investments other than investments in associates and subsidiaries is determined on the basis of break up value of these investments as per the latest

Fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy.

In the opinion of the management, the fair value of the financial assets and financial liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

### 35.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable

### Valuation techniques used in determination of fair valuation of financial instruments within level 2

Item	Valuation approach and input used							
Federal Government securities	The fair values of Treasury Bills and fixed rate Pakistan Investments Bonds are determined using the PKRV rates. Floating rate PIBs are revalued using PKRV rates.							
Term Finance and Bonds	Investments in debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.							
Foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by the State Bank of Pakistan.							
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currency involved, interest rates, yield curves, volatilities, contracts duration etc.							
Unlisted Shares	Breakup value determined on the basis of NAV of the company using the latest available audited financial statements.							
Mutual Funds	Units of mutual funds are valued using the Net Asset Value (NAV) announced by the Mutual Funds Association of Pakistan (MUFAP)							
Operating fixed assets (land and building) & Non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these unconsolidated financial statements.							

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period.

MCB Bank Limited (the 'Bank') is a banking company incorporated in Pakistan and is engaged in commercial banking and related services. The Bank's ordinary shares are listed on the Pakistan stock exchange. The Bank's Registered Office and Principal Office are situated at MCB -15 Main Gulberg, Lahore. The Bank operates 1,428 branches (2021: 1,426 branches) within Pakistan and 09 branches (2021: 11 branches) outside Pakistan (including the Karachi Export Processing Zone branch).

### **BASIS OF PREPARATION** 2.

- 2.1 These consolidated financial statements include the financial statements of MCB Bank Limited and its subsidiary companies and share of the profit / reserves of associates (the "Group").
  - a. Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date when control ceases. The assets and liabilities of subsidiary companies have been consolidated on a line by line basis based in the financial statements for the half year ended June 30, 2022 and the carrying value of investments held by the parent is eliminated against the subsidiaries' shareholders' equity in these consolidated condensed interim financial statements. Material intra-Group balances and transactions have been eliminated.
  - b. Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for under the equity method of accounting and are initially recognised at cost, thereafter adjusted for the post-acquisition change in the Group's share of net assets of the associates. The cumulative post-acquisition movements are adjusted in the carrying amount of the investment. Accounting policies of the associates have been changed where necessary to ensure consistency with the policies adopted by the Group. The Group's share in associates have been accounted for based on the financial statements for the half year ended June 30, 2022.
  - c. Non-controlling interest is that part of the net results of operations and of net assets of subsidiary companies attributable to interests which are not owned by the Group.
- In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these consolidated condensed interim financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon

The financial results of the Group's Islamic Banking business have been consolidated in these financial statements for reporting purposes, after eliminating material inter-group transactions / balances.

- 2.3 The consolidated condensed interim financial statements are presented in Pak Rupees, which is the Group's functional and presentation currency of its primary economic environment. The amounts are rounded off to the nearest thousand.
- These consolidated condensed interim financial statements have been prepared under the historical cost convention except that certain classes of fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits and lease liabilities which have been carried at present value and right of use assets which are initially measured at an amount equal to the corresponding lease liability and depreciated over the respective lease terms.

## Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

### 3. STATEMENT OF COMPLIANCE

- 3.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
  - International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
  - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017:
  - Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
  - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

- 3.2 The State Bank of Pakistan has deferred the applicability of International Accounting Standards 40, 'Investment Property' for Banking Companies through BSD Circular No. 10 dated August 26, 2002. The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of IFRS-7 "Financial Instruments: Disclosures" on banks through S.R.O 411(1) /2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.
- 3.3 The SECP vide its notification SRO 633 (I)/2014 dated July 10, 2014, adopted IFRS 10 effective from the periods starting from June 30, 2014. However, vide its notification SRO 56 (I)/2016 dated January 28, 2016, it has been notified that the requirements of IFRS 10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under trust structure.
- 3.4 The disclosures made in these consolidated condensed interim financial statements have been limited based on a format prescribed by the SBP vide BPRD Circular Letter No. 05 of 2019 dated March 22, 2019 and IAS 34, Interim Financial Reporting. These consolidated condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual consolidated financial statements for the financial year ended December 31.2021.
- 3.5 Amendments to approved accounting standards that are effective in the current period

There are certain amendments to existing accounting standards that have become applicable to the Group for accounting periods beginning on or after January 1, 2022. These are considered either to not be relevant or not to have any significant impact on the Group's consolidated condensed interim financial statements.

3.6 Standards, interpretations of and amendments to approved accounting standards that are not yet effective

The following new standard and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

Effective date (annual periods beginning on or after)

Amended Definition of Accounting Estimates – Amendments to IAS 8

Deferred tax related to assets and liabilities arising from a single transaction –

Amendment to IAS 12

January 1, 2023 January 1, 2023

Classification of Liabilities as Current or Non-current – Amendments to IAS 1

January 1, 2024

IFRS 9, Financial Instruments: Classification and Measurement, addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on an 'Expected Credit Losses' (ECL) approach rather than the 'incurred credit losses' approach as currently followed. The ECL approach has an impact on all assets of the Group which are exposed to credit risk.

As per the SBP's BPRD Circular Letter no. 03 dated July 5, 2022, the applicability of IFRS 9 to banks in Pakistan has been deferred to accounting periods beginning on or after January 1, 2023. Therefore, these consolidated condensed interim financial statements have been prepared in accordance with the existing prudential regime to the extent of the Group's domestic operations, whereas the requirements of this standard are incorporated for overseas jurisdictions where IFRS 9 has been adopted. The impact of the application of IFRS 9 on Bank's financial statements is being assessed with respect to domestic operations.

### MCB Bank Limited & Subsidiary Companies

## Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

There are other amendments and interpretations to existing standards that are mandatory for the Group's accounting periods beginning on or after January 1, 2023 but are considered not to be relevant or do not have any significant effect on the Group's operations and are therefore not detailed in these consolidated condensed interim financial statements.

### . SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual consolidated financial statements of the Group for the year ended December 31, 2021.

### 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these consolidated condensed interim financial statements are the same as that applied in the preparation of the consolidated financial statements for the year ended December 31, 2021.

### 6. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2021. These risk management policies continue to remain robust and the Group is reviewing its portfolio regularly in line with emerging risks.

20.1 Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive. Accordingly, the Group maintained its provision in respect of WWF.

- 21.1 Under IFRS-3 a bargain purchase represents an economic gain which should be immediately recognized by the acquirer as income. However, the amount of bargain purchase gain was not been taken to the profit and loss account as the SBP, through its letter BPRD(R&PD)/2017/14330 dated June 13, 2017 recommended that the amount of gain may be routed directly into equity as a Non-distributable Capital Reserve (NCR). The NCR may become available for distribution through a stock dividend only with prior approval of the SBP. The Group, before distribution of the gain as a stock dividend, may adjust any subsequent provisions/deficit, assessed by the Bank or recommended by the Banking Inspection Department of SBP, in the acquired assets and liabilities of NIB Bank Limited against the NCR.
- 21.2 Statutory reserve represents amount set aside as per the requirements of section 21 of the Banking Companies Ordinance,

### 23.3 Other contingent liabilities

Claims against the Group not acknowledged as debts 23.3.1 29,602,636 26,189,566

23.3.1 These mainly represent counter claims by borrowers for damages and other claims relating to banking transactions. Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Group's favour and the possibility of any adverse outcome is remote. Accordingly, no provision has been made in these consolidated condensed interim financial statements.

### 23.4 Taxation

For assessment year 1999-2000 through tax year 2021, the tax department disputed Group's treatment on certain issues, where the Group's appeals are pending at various appellate forums, entailing an additional tax liability of Rs. 1,158 million (2021: Rs. 1,497 million). Such issues inter alia principally include disallowance of expenses for non deduction of withholding tax and non availability of underlying records, provision for non performing loans, attribution of expenses to heads of income other than income from business and disallowance of credit for taxes paid in advance / deducted at source.

The Group has filed appeals which are pending at various appellate forums. In addition, certain decisions made in favour of the Group are being contested by the department at higher forums. No provision has been made in these consolidated condensed interim financial statements regarding the aforesaid additional tax demand and already issued favourable decisions where the department is in appeal, as the management is of the view that the issues will be decided in the Group's favour as and when these are taken up by the Appellate Authorities.

### 23.5 Amortization of goodwill and other intangibles amounting to Rs 28.08 billion of Ex. NIB

Issue of goodwill and other related assets amortization for few years has been assessed in Holding company favour at appellate forums during the year, however, the tax department has filed appeal against these decisions. The management has not recorded any tax benefit because the issue has not attained finality.

## Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

### 35. FAIR VALUE MEASUREMENTS

The fair value of traded investments is based on quoted market prices, except for tradable securities classified by the Group as 'held to maturity'. Quoted securities classified as held to maturity are carried at amortised cost. Fair value of unquoted equity investments other than investments in associates is determined on the basis of break up value of these investments as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Group's accounting policy.

In the opinion of the management, the fair value of the financial assets and financial liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

### 35.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

### Valuation techniques used in determination of fair valuation of financial instruments within level 2

Item	Valuation approach and input used
Federal Government securities	The fair values of Treasury Bills and fixed rate Pakistan Investments Bonds are determined using the PKRV rates. Floating rate PIBs are revalued using PKFRV rates.
Term Finance and Bonds	Investments in debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currency involved, interest rates, yield curves, volatilities, contracts duration etc.
Unlisted Shares	Breakup value determined on the basis of NAV of the company using the latest available audited financial statements.
Mutual Funds	Units of mutual funds are valued using the Net Asset Value (NAV) announced by the Mutual Funds Association of Pakistan (MUFAP)
Operating fixed assets and Non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated financial statements.

The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period.

### (a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares and units of mutual funds.

### (b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuk Bonds, Pakistan Investment Bonds, Market Treasury Bills, Term Finance certificates, FX options, Cross Currency Swaps, Interest Rate Swaps and Forward Exchange Contracts.

### (c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

## Notes To The Consolidated Condensed Interim Financial Statements (Un-audited) For The Half Year Ended June 30, 2022

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Group essentially carries its investments in debt and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Group has adopted revaluation model (as per IAS 16) in respect of land and building.
