Performance Review

During the nine months ended September 30, 2010, the Bank delivered profit before tax of Rs. 19.4 billion as against Rs. 17.6 billion for the similar period last year registering a growth of 10%. Profit after tax was reported at Rs. 12.5 billion translating into an EPS of Rs. 16.44 against Rs. 15.53 for September 2009.

Total deposits presented a robust increase of 15% reaching Rs. 422.3 billion from Rs. 367.6 billion at December 2009; with low cost CASA rising by 13% from December 2009, representing 81% of the total deposits. The strong increase in deposits base geared MCB's domestic market share to 8.9% from only 8.3% at December 2009.

The total asset base of the bank grew by Rs. 30 billion over December 2009. Major contribution to the said increase was investments that registered a huge increase of 24% and were reported at Rs. 208 billion. Gross advances on the other hand decreased by 8% over December 2009, mainly owing to the overall shortfall in domestic credit. The equity base of the Bank was reported at Rs. 67 billion depicting an increase of 10% over December 2009. Return on Equity (ROE) & Return on Assets (ROA) were recorded at 26% & 3.2% respectively.

Markup income increased by 5% as compared to corresponding period last year and was reported at Rs. 40 billion, resulting in a 1% increase in net-interest income. Non-interest income was reported with an increase of 17%, with major contributions coming from new products / strategies launched.

MCB Bank Limited

The controlled increase in non-performing loans, resulted in a substantial decrease of 55% in provision charge against advances. While provision against investments also decreased by 85% over corresponding period last year.

Ratings/Awards

PACRA through its notification in June 2010, has maintained long term credit rating of AA+ [double A plus] and short–term credit rating of A1+ [A one plus] of the Bank (2009: AA+ [Double A plus] for long term and A1+ [A one plus] for short term rating).

The Bank has also been awarded "The Most Stable Bank" award by CFA Association of Pakistan (CFAAP) and MMT award for "Best Bank Led Mobile Money Transfer Programme."

Review of Economic Conditions

The recent historic floods in Pakistan have had huge bearing for the economy mid-year onwards. The revised projections suggested a GDP growth of only 2.8% from a promising 4.3% growth under earlier estimates. Pressure on budget further piled up, with weakening of balance of payments, lower revenue collection, weak exports, and current account deficits. However, the higher than expected trade deficit was compensated in part by rising remittances. The foreign reserves also continued to cross record levels with foreign loans under rehabilitation and emergency aids packages. CPI continued to play between 12%-13% during 2010, with core inflation setting downwards, whereas the period average CPI inflation has been predicted at 13.5%, or higher, throughout FY11. The agricultural and textile slowdown indicate slight rising in the NPLs and the need of additional provisioning, impact of which can be seen materializing in the coming quarters. The situation in Pakistan is likely to remain fragile but controlled, given the vast support extended by the foreign countries against the exaggerated fear of economic collapse.

Future Outlook

In the rest of 2010, MCB will continue to focus on increasing momentum in our low cost liabilities franchise by investing in our branches and developing convenient and secure payment capabilities. We will also strengthen our quality product menu and increase cross-sell of products to our customer to meet their financial needs. In regards to the loan business, we intend to focus on selected credit opportunities and increasing utilization rates with our existing customers. The Bank will also continue to enhance our customer propositions for the SME, affluent and Islamic segments.

Acknowledgement

In the end the Board would like to greet and thank all shareholders and customers for their trust, our staff for their continuous hard work and dedication and the Government of Pakistan and the State Bank of Pakistan for their patronage and support.

on behalf of Directors

13.8 Taxation

The Income tax assessments of the Bank have been finalized upto and including the Tax Year 2009. For the Tax Year 2003 to 2006 and Tax year 2007 & 2009, the department has amended the assessments on certain issues under section 177 and section 122(5A) respectively, of the Income Tax Ordinance 2001. The appeals filed before Commissioner of Income Tax (Appeals) have been disposed off, against which the Bank has filed appeal before the Income Tax Appellate Tribunal (ITAT). The management and the Bank's legal counsel are of the view that the issues will be decided in the Bank's favor as and when these are taken up by the Income Tax Appellate Tribunal (ITAT).

Total disallowances for the assessment years 1994-95 to 1997-98 on account of interest in suspense amounted to Rs. 722.682 Million out of which an amount of Rs. 317.289 Million has been allowed in the assessment years 1998-1999 to 2000-2001. It is expected that the pending appeals in this regard in the honorable Sind High Court shall be decided in the favor of Bank as allowed in assessment years 1992-1993 and 1993-1994 subsequent to the favorable order of the Sind High Court. The management considers that provision is not necessary for the remaining balance of Rs. 405.393 Million resulting in tax liability for interest in suspense for Rs. 244.781 Million as the Bank has been subjected to tax far exceeding its normal tax liability and is hopeful of favorable decisions in appeals.

Accordingly, no provision has been made in these financial statements for the above issues.

13.8 Taxatio

The Income tax assessments of the Bank have been finalized upto and including the Tax Year 2009. For the Tax Year 2003 to 2006 and Tax year 2007 & 2009, the department has amended the assessments on certain issues under section 177 and section 122(5A) respectively, of the Income Tax Ordinance 2001. The appeals filed before Commissioner of Income Tax (Appeals) have been disposed off, against which the Bank has filed appeal before the Income Tax Appellate Tribunal (ITAT). The management and the Bank's legal counsel are of the view that the issues will be decided in the Bank's favor as and when these are taken up by the Income Tax Appellate Tribunal (ITAT).

Total disallowances for the assessment years 1994-95 to 1997-98 on account of interest in suspense amounted to Rs. 722.682 Million out of which an amount of Rs. 317.289 Million has been allowed in the assessment years 1998-1999 to 2000-2001. It is expected that the pending appeals in this regard in the honorable Sind High Court shall be decided in the favor of Bank as allowed in assessment years 1992-1993 and 1993-1994 subsequent to the favorable order of the Sind High Court. The management considers that provision is not necessary for the remaining balance of Rs. 405.393 Million resulting in tax liability for interest in suspense for Rs. 244.781 Million as the Bank has been subjected to tax far exceeding its normal tax liability and is hopeful of favorable decisions in appeals. Accordingly, no provision has been made in these consolidated condensed interim financial statements for the above issues.
